HA3...e

Tools and harnessing machines

Processing modules for termination of connectors in insulation displacement technology, for use with suitable fully automatic harnessing machines

Range of application

Connector	302299, MICA, 351..., 352..., 354..., 357..., 362..., 363...
-----------	---

Features

Application	high and very high volume production
Scope of functions and delivery	- Compact semi-automatic machines can serve as processing modules to be integrated into fully automatic machines.

Suitable combinations

Suitable semi-automatic machines	HA30e-R, HA3022e-R, HA35e, HA35e-CA, HA35e-RK, HA354e-ST, HA357e, HA357e-CA, HA35e plus, HA357e plus, HA36e
Suitable base machines	Komax alpha 356
